I am very grateful for learning about the Revii products. They have worked amazingly in my life. I lead a very full life, enjoy being with family and friends, working with my church and other non-profits. I enjoy helping others a lot. Winters are very hard on my respiratory system. Most winters I will get a cold that lasts for weeks. That's when I learned about the benefit of the Greens. I was pleasantly surprised when I came through my first winter with "no days down"! I've been on greens ever since. My next health challenge came when I fell, breaking my wrist, as I was playing 4-Square with refugee neighborhood kids. Medical doctors wanted to do surgery – after all, I was a senior citizen – but I thought of GPC and opted for them to set the break and then used therapy and lots of GPC to give my body what it needed to help with the healing. After a few months, the numbing left and the break was healing. It's great to have the full use of both hands again. My numbers went from 73 to 101. I would recommend these products to you...YES!

In December of 2015, I was spending 18 hours a day in bed with a constant pain rating of 2 out of 10 (on the Revii scale). I was unable to play any athletics I had previously been involved with and was considering major spinal cord reconstruction surgery.

I started using the GPC after a few months of alternative medicine and the difference was night and day. I was able to be upright, my body was recovering from injuries, my pain was down, I was seeing major progress in my rehab, and all my anxiety and depression was gone. I added the Greens and Omega 3 shortly after and for the first time ever I have the energy to be up 18 hours a day. I now work two jobs, I am training at a competitive level again, and my rehab continues to improve – so much so that my surgeons are amazed by the progress I have made!

I added the mineral bath and mineral soap to my regimen a few weeks back, and my lymphatic condition has improved significantly as well! I am amazed by all these products!

My current pain scale is now to a 9 or 10 (on the Revii scale) every day now. I continue to make great strides in both my rehab and in my training. I haven't felt this good in almost 8 years!

For over 40 years I have suffered from debilitating migraines. Nothing I took gave me any relief. Shortly after taking a couple ounces of Neutralizer, I found the relief I had been searching for – for years. The best part is that migraines no longer dictate or change my schedule!

I was in a car accident in February, 2012. After this I started going to a Chiropractor. Before each visit, he asked how my pain had been in the past week. So when he asked me that same question on 10/29/14, I realized that I had had NO pain in my neck, shoulders or back that whole week. That is the first time I had been able to say that since my accident. The only thing I had done differently was to start taking Curcumin each day. I love being pain free!

Before starting on the products, I had chronic wrist pain and I frequently wore drug store wrist guards. I also had frequent lower back pain that took a few days to recover from after each chiropractic and bodywork appointment. I would feel extremely tired around 2:00pm each day.

Shortly after starting on the products, my wrist pain and weakness went away, my lower back pain was much less frequent, and it greatly decreased in intensity. The Chocolate Energy Shakes decreased my coffee cravings and helped me to stop drinking coffee altogether. I have felt much more even-keel with my moods and ability to handle stress. I have steady energy that helps me to stay productive all day.

I am extremely grateful that I was introduced to these products. I've been taking supplements all of my adult life, but they never had such a profound, positive effect on my body. The pure, live food makes all the difference!

I was 35 lbs. overweight, had weak lungs, allergies, and eye problems, felt tired, lacked energy, and the skin on my face was aging. I cannot adequately express my gratefulness for Revii being part of my everyday life! I have earned many free Ultimate Variety Packs, love this fact, and don't ever want to be without these absolute staples for my eating! I have lost and kept off the 35 lbs, my lungs are strong and healthy, my eyesight is very good, I am full of energy, and my skin is glowing and wrinkle-free. Not bad for a mother of 6 with grandchild 14 on the way!!

In September 2013, when out of state, the trunk lid of our car unexpectedly slammed down on two of my fingers. Eleven stitches later, and hearing the Emergency Room doctor say "to have a usable hand, you will have to have surgery and plates," I immediately had Erik Carlson overnighting new bottle of GPC to me! Knowing Revii products are pure food, I put myself of 6 tsp. per day of GPC plus other Revii products. Four days later, the hand surgeon told me I will NOT need surgery and plates!! Eight days later, the chin dropped off my hand specialist when he read my new X-ray. "Stay on your GPC!! Your pointer finger already has rebuilt bone and your middle finger will to the same!" I give ALL glory to God and sheer gratefulness to Jon T. for his therapy work on me. I report a completely usable hand!!

I started when GPC was introduced at the Fall Rally. My left knee hurt all the time and I had had 2 surgeries for a tear. After 4 months of taking it twice daily, I noticed reduced pain and I could soon climb stairs without pulling with my hands on the banister. Then I found I could mow both my upper and lower lawn in the same day due to the pain lessening! Endurance went up and my limp lessened. Then I was back at the rally for the introduction of Curcumin and I started that day. In a few weeks I had like the next level of improvement in my knee. Soon I also noticed a reduction in mucus in my throat in the morning, allowing me to cut back on my inhaler. In a month or so I had stopped coughing. My wife liked that as much as I did! My health improved and my optimism climbed noticeably. I felt more grounded and more focused. I started cleaning the garage and organizing my desk. I felt more confident. I felt like I had been reborn into a new body. With physical stressors relieved, I was able to forgive my Dad, who was long gone. Then I knew I was the person I've always wanted to be. The NRXpress helped my focus and clarity. I'm so grateful for Revii for the products and the people.

Being a mother of 6, I was VERY TIRED!! I got through every day by sitting on the couch multiple times throughout the day and shutting my eyes for 15 minutes...trying to get enough energy to play with and care for my kids for another hour. I would fall into bed shortly after my kids went to sleep, wake up tired and start it all over again...for 21 years!!

NOW...I wake up refreshed, take all my Revii, don't even think about a nap, re-dose my Revii in the afternoon, care for everyone I need to (with a good attitude!), go to bed anywhere from 8 to midnight, fall asleep within minutes after getting into bed, wake up with a smile on my face, and start it all over again! 😊

Thank you Peter and Joy Bergstedt (Dad and Mom) for sharing Revii with me! You could have given up on me after I told you a loving "No!" many times. Thank you for not giving up! Revii has changed my life and the lives of my entire family too!!

I started with Revii because I had found out I was Type 2 Diabetic. As I was growing older, my hands and feet were getting colder and they felt thick, like in the winter time if you get too cold, but like they never unthawed all the way. I started with the greens and mineral baths and the neuropathy in my hands and feet went away. As the time has passed I've added most of the product line into my daily life, and I couldn't be happier. I have my hands and feet back, I'm playing guitar again, and my eyesight has steadily improved. My blood sugar numbers are easily controlled with diet and my doctors are happy with my A1c number.

With my new energy I have had moments of too much adventure inside of my adventures, so to speak. I can't begin to try to recover from those injuries without these products. Thank you Revii! I also want to say thanks to Erik for inviting me to the Revii office. My life has never been the same since. I feel like I'm 25 with 24 years of experience.

Before Revii migraine headaches had me in bed or the ER several days per month. Now that I use the Revii breakfast pack consistently, I can manage my migraines without taking medication. With the onset of a headache, instead of taking medication I reach for the Revii Neutralizer and All Natural Greens; the headache rarely comes and the migraines are nearly non-existent. Other positive changes have been improved general mood and better quality of sleep. The addition of the NRXpress B12 product has brought focus to my daily work tasks, increasing productivity and reducing stress. Overall, I am a healthier, calmer, and happier person using the Revii products every day. I wouldn't want to miss a day. #migrainefreedom

Since I have started using the nutritional products I have lost 20lbs. I have successfully kept off 15lbs. I no longer have the knee pain and achy joints. My mood is more even keel and calm. I have a ton of energy. I am told that I look younger than what I am. My vitamin D is where it should be and I do not need a prescription to get it back to the count it should be. I have also avoided gall bladder surgery.

Thank you Brenda and Doug Gare for taking me to my first meeting. Thank you Revii for changing my health.

The first things I noticed were better balance and stamina and loads more energy! I sleep so much better! I fall asleep quickly, rarely wake during the night and I'm alert and refreshed before the alarm goes off! My mood is upbeat most of the time. I'm not as worried and or anxious as I used to be.

Before Revii, there were days when pain was constant and I relied heavily on OTC pain killers to get through the day. With consistent use of the Ultimate Breakfast Packs and the other products over time, stiffness, aches and pains are gone. I can't even remember the last time I had a headache.

Life is better when you feel good!

I was certain I wanted to be part of this phenomenal company and consuming their products when Joe Smith introduced me to my first meeting. I am the eldest of 5 children and am the healthiest. That tells me so much! Three of the five are riddled with diabetes, kidney, and liver issues. My Mom suffered many years with moth Dementia and diabetic blindness – I desire not to go there. I attribute my current well-being and ability to pursue my aerobic to my children Sarah and Jon, but there is no doubt that without Revii I would truly be lacking the required inertia and am greatly appreciative.

Before I started Revii, I thought I had lost my youth. I had spent 10 years being uncommonly tired, struggled with eczema, and drank nearly a pot of coffee a day just to barely make it through. I felt spent. 21 months in, I have energy to make it through the day, I am sleeping well and waking up refreshed, my mind is clear, I have soap that doesn't burn on my hands, and in fact, with the nutritional support I needed, my eczema has cleared up. I feel better than I ever have and I have hope to dream again.

My well-being numbers change when I take Revii products! Five years ago my well-being number was about 73. Now I'm faithfully taking 14 of the Revii products and feel great! Using a Revii 120 point short health quiz, my numbers are regularly in the 100's! Most noticeable to me is my steady calm energy and my positive mood and outlook. Both are needed for everyday life and as I substitute teach. Today I'm at a 109 and feel great! You guessed it! I would recommend Revii products to anyone!

In 2008, I was diagnosed with late stage cancer. After going through the western medicine system of surgery (cut), chemotherapy (poison), and radiation (burn), I was in terrible shape. I had a completely broken immune system. My body was in severe pain, energy didn't exist, ability to sleep was very poor, my mood was awful, I craved sweets constantly, had to have family and friends help with the simplest of physical tasks, weight was unhealthy, my body from skin to hair looked old, vision was poor and to say the least, I was feeling very stressed. I thought I would NEVER be well again.

In 2010 I was introduced to products that would transform my life. I started using pure, live food that over time helped my body FEEL WELL, and believe it or not, my vehicle to FUEL WELL. WOW!! I'm now in the process of living the life of my dreams.

I'm totally free of pain, have lots of energy, have released 40+ pounds, and my 77 point move means all of the categories have improved significantly! I'm Younger than my Number and In Love with Life!

I live in Montana surrounded by mountains, water, and blue skies. My story started over five years ago with pain, very low energy, only able to work four hours a day, and quite a few concerns with my skin, hair loss, vision, weight, aging, mood swings, and metal fatigue. And the big one for me was heavy metal and toxic buildup.

Now, fast forward! Today, I no longer have chronic pain, I am slender with no health concerns, and often mistaken for ten or more years younger. My focus and mental clarity have improved. Cravings for artificial stimulants, alcohol, and sugar are gone. On the rare occasion I feel down or get sick, I recover quickly. I can work 10 to 12 hours and still feel great and energized until I go to bed and wake up in the morning pain free and ready for a new day.

For me, it's all about healthy and real life-long results. That's why I consistently utilize all Revii has to offer. Thank you to everybody at Revii for providing amazing, life-changing products.

Some of the major things that I experience on the Revii breakfast is a great mood and energy most of the day. I sleep better and wake more rested. I can walk past bad food choices and they don't really appeal to me anymore. I have released about 30 pounds and kept it off for over 5 years now. I can work out more like I did in my 20's without being sore all the time. I would like to thank Randy for his willingness to share with me and my family the power of pure live food from Revii!
